

## What are VLCs?

Many students are seeking an alternative to the traditional route of earning a high school diploma. The performance-based diploma at the Greenbush Virtual Learning Centers may be just the alternative students are seeking.

The Virtual Learning Centers have been developed by Greenbush and area school districts in an effort to provide an alternative education for students who have dropped out of school or are looking for an alternative setting.

A motivated student can conceivably complete the coursework in much less time than in a traditional classroom.

## A Second Opportunity for a High School Diploma

We offer classes that are tailored to meet the individual needs of our students.

We have flexible virtual hours to accommodate busy schedules, including year around school. Adults can begin any time of the year.

We are committed to providing educational opportunities to people of all backgrounds and skill levels.
